## 2015 MILLAGE RATES

**HOW TO USE THE MILLAGE RATE CHARTS**

1. Select the township or city in which the parcel is located. If the parcel is within a village, use the village column to locate the proper village.
2. Next, choose the school district in which the parcel is located. NOTE: Parcels that are considered split district properties (parcels that were transferred from another school district and carry the previous district's debt levy) are not included on the millage charts. Contact the *Calhoun County Equalization Office* for specific applicable millages for these properties.
3. Choose the proper rate from either the homestead or non-homestead column, depending on the property's homestead status. Multiply the parcel's taxable value by the applicable millage rate, then divide by 1000.
