REQUEST FOR PROPOSALS – ASBESTOS CONTAINING RESIDENTIAL DEMOLITION

INTRODUCTION

Overview

This Request for a Demolition Bid is being issued by the Calhoun County Land Bank Authority (CCLBA) on behalf of the Calhoun County Treasurer for the immediate demolition of the fire damaged residential structure at 22 Beglin Ct., Battle Creek (see Appendix A), as an asbestos containing demolition. The CCLBA invites the submission of proposal from Licensed Demolition Contractors, with asbestos certified employees, specializing in the demolition of asbestos containing structures and final site clearance. Licensed companies with demonstrated experience in this area and an interest in making their services available to the CCLBA are invited to respond to this bid. “Respondents” means the companies or individuals that submit proposals in response to this bid. The bid will be awarded to the most qualified respondent. All Respondent’s should note the following:

The residential structure 22 Beglin Ct., in Battle Creek, was severely damaged by fire on August 1, 2014. The Building Inspector for the City of Battle Creek deemed the structure unsafe and a public safety hazard; photos and building information can all be found in Appendix A. The Land Bank and the City have agreed that this structure meets the requirements for a Notice Ordered Demolition and will provide the winning bidder with proper documentation to do an **NESHAP Ordered Demolition** under DEQ’s NESHAP regulations. The demolition will be done as an asbestos containing demolition due to the public safety hazard, and the winning contractor will be required to submit the required DEQ 10-day notice.

It is understood that the selected Respondent acting as an individual, partnership, corporation or other legal entity, is State licensed and certified for this type of demolition and is capable of providing the specified services. The Respondent shall be financially solvent and its employees and or subcontractors shall be competent to perform the services required under this bid document.

Nothing in this bid shall be construed to create any legal obligation on the part of the CCLBA or any respondents. The CCLBA reserves the rights, in its sole discretion, to amend, suspend, terminate, or reissue this bid in whole or in part, at any stage. In no event shall the CCLBA be liable to respondents for any cost or damages incurred in connection with the bid process, including but not limited to, any and all costs of preparing a response to this bid or any other costs incurred in reliance on this bid. No respondent shall be entitled to repayment from the CCLBA for any costs, expenses or fees related to this bid. All supporting documentation submitted in response to this bid will become the property of the CCLBA. Respondents may also withdraw their interest in the bid, in writing, at any point in time as more information becomes known. Bids are to be firm and cannot be withdrawn for a period of thirty (30) calendar days after opening.

The CCLBA has adopted **Purchasing Policies and Procedures for the Procurement Process** available online or through the Calhoun County Purchasing Department at 315 W Green Street, Marshall, MI 49068, or via phone at 269-781-0981.

Time of Completion

Any contract awarded pursuant to this bid solicitation shall agree to complete the work on or before the times outlined in the Term of Contract.

Term of Contract

Any contract awarded pursuant to this bid solicitation shall be until awarded project is completed, with the demolition of the structure taking place as soon as possible after the contract award. All contracts made by the successful bidder with subcontractors shall be covered by the terms and conditions of the contract. The successful bidder shall see to it that their subcontractors are fully informed in regard to these terms and conditions.

PROFESSIONAL SERVICE REQUIREMENTS

Scope of Work

The CCLBA seeks sealed proposal from Respondents to **demolish the fire damaged residential building and to remove debris, from the site at 22 Beglin Ct., Battle Creek**, as an asbestos containing structure. This parcel contains an abandoned and blighted residential structure that also contains debris (garbage, brush, limbs,) that need to be removed. All residential structure footings and foundations are to be removed pursuant to City of Battle Creek requirements, site backfilled with clean (non-hazardous) fill material (sand, gravel), compacted, graded, seeded, and covered with straw.

Utility shutoffs (electricity and gas) will be arranged for and paid for by the CCLBA. Water disconnect and sewer capping will be the responsibility of the Contractor and the Contractor will be responsible for coordinating with City of Battle Creek for final clearance for water and sewer services.

OTHER ASPECTS TO CONSIDER

1. The residential structure and all associated debris shall be removed from the site. All structures and accessory buildings will be demolished on the premises. All driveways and concrete, with the exception of public sidewalks and driveways, shall be removed. Junk, tree debris, and other types of debris surrounding the structure must also be removed as part of the demolition.
2. Demolition and disposal of debris shall commence immediately after the “Notice to Commence”, and required DEQ notification. The Contractor shall submit a demolition schedule for CCLBA review
3. The CCLBA assumes no responsibility for the condition of existing buildings and structures and other property on site, or for their continuance in the condition existing at the time of notice to commence. NO adjustment of contract price or allowance for any change in conditions will be made after the award of bid unless approved by the CCLBA.
4. A demolition permit shall be obtained from City of Battle Creek before commencing with demolition at the respondent’s cost.
5. All dry mortar, lime, brick dust, plaster, and other flying material shall before and during removal be dampened, per NESHAP requirements, to prevent it from floating or being blown into the street or on any adjoining property; all sidewalks shall be protected by fences and scaffolds as required by state and local codes or regulations.
6. If buildings to be demolished are surrounded by a number of trees, shrubs, or bushes, and if during demolition a sufficient number of limbs are broken or hanging to present a safety hazard,

the CCLBA will order the removal of such trees at the Contractor's cost. Additionally, contractors shall remove all miscellaneous brush, wood, and tree debris left after demolition activities.

7. Contractor's operations will be confined to the parcel of land being demolished, except for the necessary removal of debris.
8. The Contractor will be responsible for all damage to private or public property as a result of their fault or negligence in connection with the demolition. If damage occurs, the contractor must contact the CCLBA immediately and submit a summary report of the incident within 5 business days if requested.
9. The Contractor shall comply with all applicable laws and ordinances governing the demolition and disposal of asbestos containing structures, and the disposal of other materials, debris, rubbish and trash from the project area, and shall commit no trespass on any private property in the disposal. All materials, debris, rubbish, and trash off will be disposed of at a licensed landfill. NO EXCEPTIONS.

Note: An Asbestos survey cannot be completed for any part of the fire damaged structure which was built prior to 1981. Consequently, the CCLBA expects the contractor must presume, assume or treat all suspect asbestos containing material (ACM) or presumed asbestos containing material (PACM) in the structure.

10. All demolition activities will be conducted in compliance with NESHAP standards. All activities will comply with all codes, standards, regulations, and workers' safety rules that are administered by federal agencies (EPA, OSHA, and DOT), state agencies (MIOSHA, DNR, DEQ, and DCH), and any other local regulations.
11. It is the responsibility of the Contractor to determine the location of all buried utility service lines on or adjacent to the work area. The Contractor shall be responsible for the final location and protection of all utility service lines and damage to any such utility service line resulting from the Contractor's operations shall be repaired or replaced by the Contractor at the Contractor's cost. It will also be the responsibility of the Contractor to exercise care to prevent damage to fences, sidewalks, roadways, and other improvements in or adjacent to the work area.
12. Contractor shall maintain a waste log and shall contain origin of material (address and date) and receiving facility for each load and the weight of each load. All waste materials are to be transported directly to a properly permitted facility for asbestos containing materials. The Contractor shall submit waste tickets for the project to demonstrate that the debris was properly disposed of.
13. The City of Battle Creek, CCLBA, and any other governmental agency with jurisdictional interest will have access to the property for observation and inspection.
14. Contractor shall provide at a minimum, four (4) inches of clean, natural, fertile topsoil free of any stones over 1 1/2 inch, clods, sticks, roots, or other objectionable material. Seeding shall be either clover (preferred) or perennial ryegrass mix at a rate of 4-5 lbs per 1000 sq. ft. The ideal mixture should be 20% Kentucky Blue Grass, 20% perennial Rye grass, 20% hard fescue, and 40% Creeping Red Fescue. Straw shall also be placed on lot.
15. Payment for the cost of work contained in the bid will be made at the price contained in the bid; unless the CCLBA's staff documents the need for a change order. Payment will only be made upon the completion of all requirements outlined in the bid. In other words, payment will only be made upon the removal of all structures, proper grading and backfilling, and upon 4 inches of topsoil properly seeded. The CCLBA is willing to make partial payments (bid amount less \$1000) to the Contractor only upon proper demolition of all structures, proper backfilling and compacting to proper grade and prior to the application of topsoil and seeding.

The CCLBA reserves the right to select the contractor that best meets the CCLBA's goals and objectives, quality levels, as well as its educational and service level expectations. The CCLBA reserves the right, in its sole discretion, to reject any/or all proposals, to waive any irregularities and technical defects contained therein, to award the contract in its entirety, in part, or not at all and/or determine which proposal is the lowest and/or best to enter into a Contract, as deemed to be in the best interest of the CCLBA.

EVALUATION CRITERIA AND SCORING

In evaluating responses to this Notice Ordered Demolition Bid, the CCLBA will take into consideration the experience, and costs that are being proposed by the Respondent. Proposals should provide a straightforward, concise description of the proponent's capabilities to satisfy the requirements of the bid. The following Evaluation Criteria (Appendix B) will be considered in reviewing submittals:

Experience in the demolition of asbestos containing structures
Price in Appendix C
Project Schedule

SUBMITTAL REQUIREMENTS

Bid responses may be submitted **by email or hard copy** and sent to Calhoun County Purchasing Department, 315 W. Green St, Marshall MI 49068 and clearly labeled **Demolition #07-CCLBA-2014 by 3:00 pm on Monday, August 25, 2014**. If submitted by hard copy, the respondent may submit one (1) original and two (2) copies of the required documentation in a clear, legible, and 8.5 by 11 inch format. Respondents are advised to adhere to the Submittal Requirements; failure to comply with the instructions of this Small Procurement Bid will be cause for rejection of submittals.

Questions may be submitted **via email to kedwards@calhouncountymi.gov** by 5:00pm Wednesday, August 20, 2014. Answers will be provided to all registered bidders by 5:00pm on Thursday, August 21, 2014.

The CCLBA reserves the right to seek additional information to clarify responses to this bid. Each response must include the following:

Threshold Requirements

These documents must be submitted along with your proposal:

1. a. **Certificate of Good Standing** for Corporations Companies issued by the Michigan Secretary of State; or
b. **Certificate of Existence** for Limited Liability Companies issued by the Michigan Secretary of State; or
c. Certificate of Good Standing or Certificate of Existence for Joint Ventures; or
d. **"Doing Business As"** documentation and certificates for all other types of businesses.
2. **Evidence of Insurance:** Commercial General Liability with limits not less than \$2,000,000; Workers Compensation and Employers Liability with limits not less than \$500,000; and Automobile Liability with limits not less than \$1,000,000 per occurrence. The selected Contractor shall agree to indemnify and hold harmless the CCLBA, and its officers, agents, and

employees from any and all claims, causes, or actions, and damages of any kind, for injury to or death of any person and damages to property arising out of or in connection with the work done by the Contractor under this contract, and including acts or omissions of the CCLBA, or its officer, agents, or employees in connection with said contact.

About Workers' Compensation Insurance: If you feel that your company is exempt from this requirement, you must file paperwork with the Workers' Compensation Agency (<http://www.michigan.gov/wca>). It is our understanding that the State requires exempt companies to file a WC-337 with this office; however, we advise all companies interested in pursuing this to contact the agency at 517-322-1195 to get more information and better understand which companies are exempt. To be counted as exempt by Calhoun County, respondents must submit paperwork from the State that shows the exemption is valid. If a company cannot document an exemption, then it should submit the required Workers' Compensation Insurance as discussed under "Evidence of Insurance".

3. **Evidence of Licensing for Demolition** a copy of Respondent's "Department of Energy, Labor & Economic Growth's Residential Builders' And Maintenance & Alteration Contractors' Board Residential Builder License". As well as a copy of your City of Battle Creek Demolition License.
4. **Copies of either your or your subcontractors' Asbestos Contractor/Supervisor Card or State Registration for employees that would work on this project.**
5. **Three (3) references of related projects**, including date of project, contact person and phone number, and a brief description of the project.
6. **Conflict of Interest Statement & Supporting Documentation (See Appendix E):** Respondent shall disclose any professional or personal financial interests that may be a conflict of interest in representing the CCLBA. In addition, all Respondents shall further disclose arrangement to derive additional compensation from various investment and reinvestment products, including financial contracts.

SELECTION PROCESS

The Selection Committee comprised of the CCLBA staff will review qualifications. Proposals that are submitted timely and comply with the mandatory requirements of the bid will be evaluated in accordance with the terms of the bid. Any contract resulting from this bid will not necessarily be awarded to the vendor with the lowest price. Instead, contract shall be awarded to vendor whose proposal received the most points in accordance with criteria set forth in bid and can meet the time requirements.

SUBMITTAL DUE DATE

Responses to this bid are due by **3:00 P.M. (local time) on Monday, August 25, 2014**. The prevailing clock shall be www.time.gov. Each Respondent is responsible for labeling the exterior of the sealed envelope containing the proposal response with the proposal number, proposal name, proposal due date and time, and your firm's name. Hard copies must be delivered to:

**Calhoun County Purchasing
315 W. Green St.
Marshall MI 49068
ATTN: Leslie Obrig**

LATE PROPOSALS WILL NOT BE CONSIDERED

CERTIFICATION FORM NOTE

THIS PAGE MUST BE COMPLETED AND INCLUDED WITH THE SUBMITTAL CERTIFICATION

The undersigned hereby certifies, on behalf of the Respondent named in this Certification (the “Respondent”), that the information provided in this bid submittal to the CCLBA is accurate and complete, and I am duly authorized to submit same. I hereby certify that the Respondent has reviewed this bid in its entirety and accepts its terms and conditions.

NOTICE OF DANGEROUS BUILDING/CONDEMNED

08/01/2014

CALHOUN COUNTY TREASURER
315 W. GREEN ST
MARSHALL, MI 49068

Re: 22 BEGLIN CT – HOUSE FIRE

EN14-23539

Dear Property Owner:

An inspection conducted on 08/01/2014 identified the following violations of the International Property Maintenance Code 2009, related to the referenced property:

BUILDING CONDEMNED:

1. 108.1 General. When a structure or equipment is found by the code official to be unsafe, or when a structure is found unfit for human occupancy, or is found unlawful, such structure shall be condemned pursuant to the provisions of this code.
2. 108.1.1 Unsafe structures. An unsafe structure is one that is found to be dangerous to the life, health, property or safety of the public or the occupants of the structure by not providing minimum safeguards to protect or warn occupants in the event of fire, or because such structure contains unsafe equipment or is so damaged, decayed, dilapidated, structurally unsafe or of such faulty construction or unstable foundation, that partial or complete collapse is possible.
3. 108.1.3 Structure unfit for human occupancy. A structure is unfit for human occupancy whenever the code official finds that such structure is unsafe, unlawful or, because of the degree to which the structure is in disrepair or lacks maintenance, is insanitary, vermin or rat infested, contains filth and contamination, or lacks ventilation, illumination, sanitary or heating facilities or other essential equipment required by this code, or because the location of the structure constitutes a hazard to the occupants of the structure or to the public.

Permits Required

Building Mechanical
 Electrical Plumbing

4. 108.1.4 Unlawful structure. An unlawful structure is one found in whole or in part to be occupied by more persons than permitted under this code, or was erected, altered or occupied contrary to law.

5. 108.1.5 Dangerous structure or premises. For the purpose of this code, any structure or premises that has any or all of the conditions or defects described below shall be considered dangerous:
 - a) 1. Any door, aisle, passageway, stairway, exit or other means of egress that does not conform to the approved building or fire code of the jurisdiction as related to the requirements for existing buildings.
 - b) 2. The walking surface of any aisle, passageway, stairway, exit or other means of egress is so warped, worn loose, torn or otherwise unsafe as to not provide safe and adequate means of egress.
 - c) 3. Any portion of a building, structure or appurtenance that has been damaged by fire, earthquake, wind, flood, deterioration, neglect, abandonment, vandalism or by any other cause to such an extent that it is likely to partially or completely collapse, or to become detached or dislodged.
 - d) 4. Any portion of a building, or any member, appurtenance or ornamentation on the exterior thereof that is not of sufficient strength or stability, or is not so anchored, attached or fastened in place so as to be capable of resisting natural or artificial loads of one and one-half the original designed value.
 - e) 6. The building or structure, or any portion thereof, is clearly unsafe for its use and occupancy.
 - f) 7. The building or structure is neglected, damaged, dilapidated, unsecured or abandoned so as to become an attractive nuisance to children who might play in the building or structure to their danger, becomes a harbor for vagrants, criminals or immoral persons, or enables persons to resort to the building or structure for committing a nuisance or an unlawful act.
 - g) 9. A building or structure, used or intended to be used for dwelling purposes, because of inadequate maintenance, dilapidation, decay, damage, faulty construction or arrangement, inadequate light, ventilation, mechanical or plumbing system, or otherwise, is determined by the code official to be unsanitary, unfit for human habitation or in such a condition that is likely to cause sickness or disease.
 - h) 10. Any building or structure, because of a lack of sufficient or proper fire-resistance-rated construction, fire protection systems, electrical system, fuel connections, mechanical system, plumbing system or other cause, is determined by the code official to be a threat to life or health.

6. 109.1 Imminent danger. When, in the opinion of the code official, there is imminent danger of failure or collapse of a building or structure which endangers life, or when any structure or part of a structure has fallen and life is endangered by the occupation of the structure, or when there is actual or potential danger to the building occupants or those in the proximity of any structure because of explosives, explosive fumes or vapors or the presence of toxic fumes, gases or materials, or operation of defective or dangerous equipment, the code official is hereby authorized and empowered to order and require the occupants to vacate the premises forthwith. The code official shall cause to be posted at each entrance to such structure a notice reading as follows: "This Structure Is Unsafe and Its Occupancy Has Been Prohibited by the Code Official." It shall be unlawful for any person to enter such structure except for the purpose of securing the structure, making the required repairs, removing the hazardous condition or of demolishing the same.

This inspection may not include all of the violations that exist at this address, other violations may exist, but because of their location or the fact that they may be covered by debris or construction materials, we were unable to document them.

Section 107.6; International Property Maintenance Code 2009. It shall be unlawful for the owner of any dwelling unit or structure who has received a compliance order or upon whom a notice of violation has been served to sell, transfer, mortgage, lease or otherwise dispose of such dwelling unit or structure to another until the provisions of the compliance order or notice of violation have been complied with, or until such owner shall first furnish the grantee, transferee, mortgagee or lessee a true copy of any compliance order or notice of violation issued by the code official and shall furnish to the code official a signed and notarized statement from the grantee, transferee, mortgagee or lessee, acknowledging the receipt of such compliance order or notice of violation and fully accepting the responsibility without condition for making the corrections or repairs requested by such compliance order or notice of violation.

If you have questions regarding this notice please contact us for assistance.

Sincerely,

Don Wilkinson
City of Battle Creek Building Division
Building Inspector/Plan Reviewer

APPENDIX B

In evaluating responses to this Request for Proposal, CCLBA will take into consideration the experience, pricing, and scheduling that are being proposed by the Respondent. The following Evaluation Criteria will be considered in reviewing submittals:

Evaluation Criteria

The point system is to evaluate the experience and capacity of the Respondent.

1. Experience in providing asbestos containing demolition services

Two (2) to four (4) years of experience doing asbestos containing demolitions	10 Points
Five (5) or more years of experience doing asbestos containing demolitions	20 Points

2. Pricing Proposal

Lowest bid amount	60 Points
Next lowest bid amount	50 Points
Each additional lowest bid amount will be reduced by 10 points	

3. Project Scheduling

Demolition within one week of Notice to Commence	10 Points
--	-----------

APPENDIX C

All bids should include the removal of all structures, garbage, tires, discarded tree debris and limbs as well as permits, fill dirt, seeding, and travel time.

<i>Address</i>	<i>Street Name</i>	<i>Bid Amount -</i>
22	Beglin Ct., Battle Creek, MI	

Note: This is an asbestos containing demolition, if your company bids you must supply copies of your or your subcontractors' Asbestos Contractor/Supervisor Card for employees that would work on this project at the time you submit your bid.
