RE: **Questions and Responses - RFB#130J-15: Catch Basin Cleaning (Local Roads) & RFB#131J-15: Catch Basin Cleaning (MDOT Roads)**

The following information represents a list of bidder's questions, and the corresponding replies from the County, which were received by the Calhoun County Purchasing Department on or before November 23, 2015, in accordance with instructions stated in RFB#130J-15 and RFB#131J-15, Sec. 2.4 "Inquiries". All respondents to the County solicitation will be responsible for this information when submitting a bid for Catch Basin Cleaning. Questions and corresponding responses that add to, alter, or change in any way, the requirements and specifications in RFB#130J-15 and RFB#131J-15 may become part of the final contractual documents upon the award of an agreement.

Vendor questions are italicized, and are numbered followed by the corresponding response by the County in **bold** text. In instances where more than one vendor asked a question and the question was essentially the same, the typed question is a combination of the written inquiries.

1. Q: *Is there a map of the route the basins are located (to determine whether they are on freeways or busy roads)?*
A: **No. The awardee will work with a County primary who will direct the contractor which basins are to be cleaned each day. The local basin bid (RFB#130J-15) does not include work on freeways.**
2. Q: *When was the last time basins were cleaned?*
A: **Within the past 5 years.**

****This concludes the inquiry phase of RFB#130J-15 & RFB#131J-15****

Bids are due Wednesday, December 2, 2015; 3:00 pm (Local time)

LATE BIDS WILL NOT BE CONSIDERED
