2. **In the scope of work specification for backfill material the specs call for non-hazardous clean fill material with the word gravel in parenthesis, would class 2 sand be ok as well?**  
Yes, class 2 sand is an acceptable fill material.
3. **Are you expecting the contractor to remove the two trees that are growing out of the house/garage foundation at 618 W. Erie Street?**  
We are now going to remove this property from this bid, sorry for any inconvenience.
