REQUEST FOR PROPOSALS – INTRODUCTION**A. Overview**

This Request for Proposals (“RFP”) is being issued by the Calhoun County Land Bank Authority (CCLBA) for work to be done by the CCLBA; the RFP also covers the City of Battle Creek for projects that are part of the NSP2 Program and are covered by reallocated funding. The CCLBA and the City of Battle Creek invite the submission of proposals from Certified Abatement Companies specializing in the abatement of asbestos prior to demolition of structures or abatement of lead based paint hazards and asbestos for rehabilitation of structures, and the abatement of HAZMAT materials (e.g. paint, mercury) when needed. Licensed companies with demonstrated experience in these areas and an interest in making their services available to the CCLBA and the City of Battle Creek are invited to respond to this RFP. “Respondents” means the companies or individuals that submit proposals in response to this RFP.

It is understood that the selected Respondent acting as an individual, partnership, corporation or other legal entity, is State licensed and certified to perform these services and is capable of providing them. The Respondent shall be financially solvent and its members if a joint venture, its employees, agents or sub-consultants of any tier shall be competent to perform the services required under this RFP document.

For potential NSP2 reallocation projects, the CCLBA and the City of Battle Creek are seeking to encourage participation by respondents who are MBE/WBE or Section 3 business enterprises and have a goal for minimum MBE/WBE participation of at least 10% MBE and 10% WBE participation. Significant points will be awarded to Section 3 qualified companies.

Nothing in this RFP shall be construed to create any legal obligation on the part of the CCLBA, the City of Battle Creek or any respondents. The CCLBA and City of Battle Creek reserve the rights, in their sole discretion, to amend, suspend, terminate, or reissue this RFP in whole or in part, at any stage. In no event shall the CCLBA or the City of Battle Creek be liable to respondents for any cost or damages incurred in connection with the RFP process, including but not limited to, any and all costs of preparing a response to this RFP or any other costs incurred in reliance on this RFP. No respondent shall be entitled to repayment from the CCLBA or the City of Battle Creek for any costs, expenses or fees related to this RFP. All supporting documentation submitted in response to this RFP will become the property of the CCLBA. Respondents may also withdraw their interest in the RFP, in writing, at any point in time as more information becomes known. Bids are to be firm and cannot be withdrawn for a period of thirty (30) calendar days after opening.

The CCLBA has adopted purchasing policies and procedures for procurement process. For further information on this requirement, contact the Calhoun County Purchasing Department, 315 W. Green St., Marshall MI 49068 or phone 269-781-0981 or visit [CCLBA Purchasing Policies](#).

B. Time of Completion

Any Respondent awarded a contract pursuant to this RFP solicitation shall agree to complete the work as outlined in the Scope of Services. The CCLBA may select more than one service provider from the proposals submitted to obtain the most qualified firm(s) or individual(s) for appraisal services to ensure timely completion of the requested services.

C. Term of Contract

Any contract awarded pursuant to this RFP solicitation shall be for a contract period of one (1) year, with the option for renewal for an additional two (2) years for all non-NSP2 projects; this contract shall run until the end of NSP2 Reallocation term for services performed under that grant. All contracts made

by the successful bidder with subcontractors shall be covered by the terms and conditions of the contract. The successful bidder shall see to it that their subcontractors are fully informed in regard to these terms and conditions.

D. NSP2 Background

Under the Recovery Act, Congress established the Neighborhood Stabilization Program 2 (NSP2) to stabilize neighborhoods whose viability is negatively affected by properties that have been foreclosed upon and abandoned. NSP2 provides grants to states, local governments, nonprofits and a consortium of public and or private nonprofit entities on a competitive basis.

The Michigan NSP2 Consortium received \$223,875,339. The Michigan State Housing Development Authority (MSHDA), as lead applicant, 12 city governments, and eight county land banks will work together to remove blight, address vacancy and foreclosures, and reposition neighborhoods in targeted NSP2-eligible census tracts. MSHDA allocated \$201,487,805 to place properties back in productive use and \$22,387,534 in administrative fund for MSHDA, Cities and Lands Banks to share.

Originally, the City of Battle Creek received \$4,501,000 and the CCLBA received \$3,218,839 for a total award amount of \$7,719,839 to assist the targeted census tracts in the City of Battle Creek.

It is possible that the State of Michigan will reallocate additional funding to the CCLBA and/or the City of Battle Creek in the future.

E. NSP2 Federal Regulations

For NSP2 projects, award recipients implementing the Michigan NSP2 Consortium must follow the Community Development Block Grant (CDBG) Program rules and regulations, unless stated otherwise in the May 4, 2009 of the Federal Register Notice [Docket No. FR-5321-N-01] regarding [Title XII of Division A of the American Recovery and Reinvestment Act of 2009](#), which is posted on

http://www.hud.gov/offices/cpd/communitydevelopment/programs/neighborhoodspg/pdf/nsp2_nofa.pdf

Respondents are strongly encouraged to read these regulations prior to submitting their response to this RFP. All NSP2 funds awarded through reallocation must be administered as per the official regulations.

F. Economic Sanctions

The undersigned, acting either individually or as a duly authorized representative of the entity submitting the enclosed bid/proposal hereby verifies that he/she/it is not an Iran linked business which is defined as follows in the Iran economic Sanctions Act, Public Act 517 of 2012, MCL 129.311, et. seq.: (i) A person engaging in investment activities in the energy sector of Iran, including a person that provides oil or liquified natural gas tankers or products used to construct or maintain pipelines used to transport oil or liquified natural gas for the energy sector of Iran and/or (ii) A financial institution that extends credit to another person, if that person will use the credit to engage in investment activities in the energy sector of Iran.

(*See Appendix A – NSP2 Boundaries and Map.*) All respondents must possess the necessary qualifications to provide these services. Homes acquired by the Calhoun County Land Bank Authority in general, as well as those considered for projects under the NSP2 reallocation process will be foreclosed, abandoned or blighted properties in various states of disrepair.

The abatement must be completed in a manner that will provide a successful “Final Clearance Examination” which shall be performed by a certified person meeting the clearance levels in accordance with the current US Department of Housing and Urban Development (HUD) for all federally funded projects or and/or the State of Michigan as applicable.

If a contractor informs the CCLBA or City of Battle Creek that the abatement is complete and the site fails to pass the clearance inspection, the contractor shall be liable to cover the cost of the clearance inspection. If the site passes the clearance inspection, the CCLBA or the City of Battle Creek will pay for the clearance inspection.

The CCLBA reserves the right to select the contractor(s) that best meets the CCLBA's goals and objectives, quality levels, as well as its educational and service level expectations. The CCLBA reserves the right, in its sole discretion, to reject any/or all proposals, to waive any irregularities and technical defects contained therein, to award the contract in its entirety, in part, or not at all and/or determine which proposal is the lowest and/or best to enter into a Contract, as deemed to be in the best interest of the CCLBA and for City of Battle Creek for NSP2 projects.
