

## Referral Form

The **Michigan Adolescent Pregnancy and Parenting Program (MI-APPP)** engages expectant and parenting teens, young fathers and their families in an integrated system of care through the implementation of the **Adolescent Family Life Program – Positive Youth Development (AFLP-PYD) case management program** to improve the educational, health and social outcomes of pregnant and parenting teens in Calhoun County. In addition to case management services, MI-APPP also provides support services such as screenings, assessments, counseling and other supplemental services. The MI-APPP is administered by the Calhoun County Public Health Department.

**MI-APPP is for TEEN MOMS AND DADS, ages 15 – 21**
