

Questions & Answers

RFP #06-CCLBA-2016 – General Contracting Services 435 Cornell

July 29, 2016

1. Are there asbestos abatement licenses required for the bidding this RFP?

If your company is an asbestos abatement firm that is licensed to remove the Transite siding, submit the license with the RFP. If you do not hold the licenses required to abate the siding, you may submit the name of the abatement company you plan to use for the project or, if awarded, you will be asked to supply company and credentials at the onset of the job.
